Stacking chairs for hire were purchased to compliment our stock of RAT music stands.

With 'gilt' wooden frames and deep red or blue seats, these chairs are acceptable for a wide range of functions.

Designed to stack without looking as if they stack, these chairs are easy to transport and store. They make a pleasing addition to stage sets, as well as their purely functional roles.

Cue Light Systems are available for hire and sale.

Hire models have a Master Station to control up to 10 outstations. All outstations have a press-to-acknowledge button should the Stage Manager require confirmation that his standby cue has been seen.

Picture is for illustration only. Model supplied may vary.
