

# LX Price Lists

The items on these lists are the more popular items in their categories. Please click here to view our catalogue for more complete details - or you can contact us directly.

## STANDARD GOBOS

Rosco have over 1000 standard designs in their range suitable for projection where A, B and M size gobos can be used. Intelligent light fixtures that can take gobos are of a smaller diameter. Not all designs are suitable for rendering in these smaller sizes. Please check availability before finalizing your design.

Click here if you require a custom gobo design
